

## ALIGNMENT CROSS BAR

**PART# 116-0276 – LIST: \$150**

Cross bars are available in a variety of lengths. They pair with an alignment block to get you re-aligned quickly in your high pace industrial environment.

## CROSS BAR MOUNTS (PAIR)

**PART# 116-0270 – LIST: \$350 (Pair)**

These cross-bar mounts attach to either end bars or cross bars. They enable quick attachment of the sensor alignment bar assembly for re-alignment of your sensors.

## ALIGNMENT BLOCK

**PART# 116-XXXX – LIST: \$Ask**

The alignment block is critical for multi-sensor system layouts. Usually, they are unique to each application configuration and require custom sizing.
